FULL SYNTHETIC

**AMALIE Elixir Full Synthetic dexos1™ Gen 3 5W-30** is a full synthetic motor oil blended with high quality synthetic base stocks, a shear stable viscosity modifier, and the latest additive technology to provide the ultimate protection & performance for a wide range of vehicle demands. Specifically formulated for the rigorous environment of gas-direct engine (GDI) and turbo gas-direct engine (TGDI) designs as well as providing increased protection for carbureted or normally fuel injected engines. It contains additive technology designed to prevent low-speed pre-ignition (LSPI). LSPI can lead to pre-mature engine failure and is a major concern of engine manufacturers. **AMALIE Elixir Full Synthetic dexos1™ Gen 3 5W-30** is formulated to exceed the latest API SQ and ILSAC GF-7A engine oil categories. It delivers superior performance for wear control, deposit control, oxidative stability, piston cleanliness, and timing chain wear over previous API and ILSAC oil categories as well as conventional and synthetic blend oils.

Always consult your vehicle's owner's manual when selecting the appropriate viscosity and service grade.
